

Australia's Future Tax System Review

Dear Sir/Madam,

I am writing with regard to the above review and would like to make the following points:

- I am a user of a Self-Managed Superannuation Fund. I believe the tax system should be supporting self-reliance in retirement saving and therefore supporting the choice and competition that SMSF's bring to Australia's superannuation system.
- I am greatly concerned at reports that the Henry Tax Review is considering recommendations to remove or change the dividend imputation scheme. The current scheme helps to support my desire to invest in Australian companies. I believe a removal or change to the scheme is an unfair, unnecessary and retrograde step. I am greatly concerned that it will negatively impact the value of Australian companies I am invested in who provide my dividend income that included franking credits.
- I am writing to highlight my concern for Australian investors who rely on dividend income, especially retirees.
- I regard the issue as serious enough to affect my voting decision at the next Federal Election.

Yours sincerely

John Cunningham
