

Dear Sir / Madam,

I am writing to you out of concern of the proposed changes to the dividend imputation scheme.

- I am a the user of a Self-Managed Superannuation Fund.
- I believe the tax system should be supporting self-reliance in retirement saving and therefore supporting the choice and competition that Self Managed Super Funds bring to Australia's superannuation system.
- I am greatly concerned at reports that the Henry Tax Review is considering recommendations to remove or change the dividend imputation scheme.
- The current scheme helps to support my desire to invest in Australian companies.
- I believe a removal or change to the scheme is an unfair, unnecessary and retrograde step.
- I am greatly concerned that it will negatively impact the value of Australian companies I am invested in who provide me with dividend income that include franking credits.
- I am writing to you to highlight my concern for Australian investors who rely on dividend income, especially retirees.
- I regard the issue as serious enough to affect my voting decision at the next Federal Election.

Yours Sincerely

Peter Gibbins
