

Dear Sir or Madam,

We would like to raise our concerns about reports that the government may be considering removal of the Dividend Imputation Scheme.

We believe this will have a detrimental affect on all retirees whose Super depends on this type of income and their ability to recover from the current conditions.

We use a Self Managed Fund and think that the system should support self reliance and the conditions for that fund to flourish.

Should the change be adopted we would hope to be given the opportunity to overturn it at the next Federal Election.

Yours Sincerely

Peter Maunsell
