

Dear Sir or Madam

We are self funded retirees with a Self-Managed Superannuation Fund. We are currently drawing an Allocated Pension from our Super fund and are not making any calls on the Commonwealth for support.

We are very concerned at reports that the Henry Tax Review is considering recommendations to remove or change the dividend imputation scheme. The current scheme helps to support our desire to invest in Australian Companies. We believe a removal or change to the scheme is an unfair, unnecessary and retrograde step. We are greatly concerned that it will negatively impact the value of Australian companies we are invested in who provide our dividend income that include franking credits.

We are writing to highlight our concern for Australian investors who rely on dividend income-especially retirees.

We regard the issue serious enough to affect our voting decision at the next Federal Election

Yours faithfully  
Neil & Georgia Renfree
