

Dear Sir/Madam,

My husband and I are very concerned about the rumours in the paper concerning changes to the Imputation system. We are self-funded retirees, do not have a Health Card, receive no government benefits and have received no stimulus money.

Where is the point in us trying to look after ourselves so we do not need to rely on Government money, when all that happens is life is just made more and more difficult to keep our heads above water.

Honestly do not know why we ever thought we could.

Regards
