

I would like to see the implementation of recommendations put forward by New Internationalist to:

- \* Support the international implementation of the Currency Transaction Development Levy (CTDL).
- \* Reverse the trend to lower corporate and personal income taxes.
- \* Revamp motor vehicle tax so that in future the rate depends on the amount of carbon emitted from exhausts.
- \* Do more to stop wealthy Australians from using tax havens to avoid their responsibilities.

Beau Summer
