

Dear Sir or Ms,

I urge you to bring an end to tax havens and loopholes that are a leading cause of so much global poverty.

1/ I urge the Australian Government to support international implementation of the Currency Transaction Development Levy (CTDL) that would tax the richest market of all, the trade in foreign exchange, worth a staggering \$3,200 billion daily.

2/ I urge the Australian Government to reverse the trend to lower corporate and personal income taxes, a trend that has benefited the rich at the expense of the poor over the past decade.

3/ I urge the Australian Government's taxation review to recommend the Australian Government negotiate a similar arrangement to the German Government, which has decided to revamp its motor vehicle tax so that in future the rate depends on the amount of carbon emitted from exhausts.

4/ I urge the Australian Government to do more to stop wealthy Australians from using tax havens to avoid their responsibilities.

Yours Sincerely  
Steve Harrison
