Subject: tax reform justice for unit owners paying GST

thank you for giving me the opportunity to subscribe to the massive undertaking of tax reform. I reside in a unit complex some 30 years old and because the corporate body payments are above a certain amount per year we are forced to pay GST on our quarterly corporate body fee. This I believe is an un fair impost on all unit dwellers in the same situation as me. I moved from my home to the unit because of age and the inability to maintain the dwelling, I am over 80 years of age and feel that owners such as I are being discriminated against as, those who reside in smaller complexes do not have the same impost placed upon them. Thank you once again for allowing me to contribute.
